

Santa Fe Flat Car Decals

The East Coast Santa Fe Railway Historical and Modeling Society has had decals produced for both revenue and work flat cars. We covered Ft-G, I, J, L, M, O, V and 5.

These decals can be used on Red Caboose flats (Ft-G), Sunshine flats (Ft-I, J, L, M, V and 5, or to re-number specific Intermountain flats (Ft-L, V, 5 and Wt-3). They can also be used on cars kit-bashed from Athearn in the following articles by Richard Hendrickson:

- Ft-G, *High Iron S/O* 1973, pg.6-11;
- Ft-M, *Southwest Prototype Modeler M/A* 1974,pg.13-14;
- Ft-V, *Santa Fe Modeler* 4Q87,pg.17
- Ft-L, 5, *Santa Fe Modeler* 1Q88,pg.23-27

As an added bonus on the white Ft sheets is Bx-38 (not the Wt sets) which is missing on the Intermountain War Emergency box cars!

Each set contains all reporting marks, weight information, build info, etc. for one complete car. To order specify the exact car class and number you desire.
